M2 Series

Changes to Production & Manufacture Location for M2 Series Pushbuttons

Type of Change:

☐ Engineering ☐ Part Number

☐ Product ☑ Appearance

I. There will be revisions to the production and manufacture location of M2 Series Pushbuttons. Previously, the lot code on the switch body had a dot mark above the first digit, but now the mark will be above the second digit. The shipping box for the switches had "CHINA FACTORY" on the side, but will be replaced with "PHILIPPINES FACTORY." These changes will apply to all M2 Series Pushbuttons, including both standard and custom parts. Standard part numbers are on the table below.

Changes for M2 Series Pushbuttons

	Lot Number	Shipping Box
Before Changes	Dot Mark Above First Digit 69 Enlarged to Show Detail	"CHINA FACTORY" printed on side of box After Changes	Dot Mark Above Second Digit 69 Enlarged to Show Detail	"PHILIPPINES FACTORY" printed on side of box 
Notes

- There are no changes to the switches' dimensions or specifications.
- The size and shape of the Shipping Box may vary depending on the part number.
- Contact information is below if more details are needed.

NKK SWITCHES

M2 Series

Change to UL Factory Code for M2 Series Pushbuttons

Type of Change:

☐ Engineering ☐ Part Number
☐ Product ☑ Appearance

2. M2 Series Pushbuttons with UL approval will have a change on the switch case that will include custom devices. Previously, the UL symbol appeared on the case with factory code 078. After the change, the code 080 will appear next to the UL symbol. The table below illustrates the difference, and effected standard part numbers follow.

UL Factory Code Change on Case of M2 Series Pushbuttons

Before Change	After Change

Notes
- There are no changes to the switches' dimensions or specifications.
- The location of the UL code on the switch case may vary depending on the part number.
- Contact information is below if more details are needed.
