

Change Notice

Change to Plating Material of M2T Series Levers

Type of Change:

- Engineering Part Number
 Product Appearance

M2T Series toggle and rocker switches will have a change to the surface material of the levers.

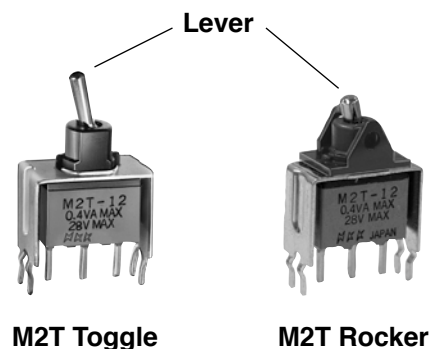

This change will affect the following products:

- All M2T toggle switches, including custom products
- All M2T rocker switches, including custom products

The change will only affect the surface material of the lever. The color of the lever will be slightly different. No change of dimensions.

Plating Material of Levers	
Before Change	After Change
Chrome Plating	Nickel Plating

Availability

Change will be effective with September 2010 production.
